

## Become a Take Steps Pacesetter Today!

Pacesetters fund cures – period! In 2019 7,700 Pacesetters raised a collective \$6.1 million to support the life-saving work of the Crohn’s & Colitis Foundation. That’s an average of \$792 each! If every registrant had committed to raising at least \$100, we would have raised an additional \$2.23 million in 2019 in support of the 3.1 million Americans living with IBD.

While advances in technology are bringing us closer than ever to cures, unfortunately they do not come cheap. Every dollar you raise brings us one step closer to a world without Crohn’s disease and ulcerative colitis.

**Pacesetters are individual fundraisers who raise at least \$100 for Take Steps. As a special thank you for fundraising, each Pacesetter receives special benefits including:**

- Take Steps walk t-shirt
- Pennant flag keepsake
- Wristband providing you access to special refreshments (patients and children under 13 receive this regardless of fundraising)
